

Media Center Go

I am sure by now that you have heard of Pokemon Go! How about Media Center Go?

Here are the rules, how to play and what you can win!

- There will always be four book clues posted on here.
- Each clue will represent a different book that we have in the Media Center.
- Find the correct book (it will have a Pokemon hidden in it or on it). We will write your name on it and you will collect as many as you can. This is your Pokemon Ticket.
- Check it out.
- Read it.
- Pass an Accelerated Reader (AR) Quiz on it with an 80% or higher.
- Have someone from the Media Center Staff look up your score in the system.
- Once all of these steps are completed you win a prize.
- Once a book is checked out from the Media Center on the list, another clue will be put in its place. So there will always be four clues posted.
- The student who collects the most Pokemon (Pikachu) Tickets will win the big prize at the end of the school year! In the event of a tie, a Media Center Go Battle will take place. A Media Center Go Battle will go as follows: Mrs. Tackes picks the book, gives a set time to finish it in, then the AR Quiz is taken in the Media Center at the same time and the student with the highest score wins! Should there be another tie for some reason, then then both shall be declared River Grove School Media Center Go Champions 2017!
